Ability to change plan when renewing Awaiting Review

- Kibur13
- **Forum name:** #Suggestion

It would make life simpler to be able to select a 1 / 2 / 3 year plan when I renew my plan. The current system is set up to only allow the plan that is in use to be renewed. I originally bought the 1 year plan because I wanted to test PIA out but now I love it and want to save money by buying it in 2 year intervals. The only way to do this is to create a new account, which is frustrating.
