Purchasing a Bulk Subscription

For users that wish to purchase multiple accounts (ie. 3 or more) we offer users the option to purchase a large number of accounts in one transaction. This option can be found on our website by hovering over the Features tab and then clicking on [Corporate VPN](#).

Once on the Corporate VPN page, scroll down to the section “Need More Than 10 Devices Covered?” and click on “[Get PIA for more than 10 devices](#)”. This will bring users to the Bulk Subscription purchase page.

Need More Than 10 Devices Covered?

One PIA VPN subscription covers 10 devices, but if you need even more connectivity, we offer bulk discounts that are perfect for small businesses, offices, or even larger corporations.
