Are You a New Subscriber? Want to Help Make PIA Even Better?

2022-02-04 - Devin S - Announcements

Are you interested in furthering the development of Private Internet Access? We're giving users the opportunity to extend their subscription by 90 days by participating in an interview with one of our team members! With our objective to make Private Internet Access better for our users, we believe the best way to do this is to get more incite from the people using our service.

The only requirement for this interview is that you have been a Private Internet Access subscriber for less than 6 months.

If you are interested in participating, please send an email including your availability (date and time) to jackf@privateinternetaccess.com and following the interview, we will add the additional days to the end of your subscription.

Thank you for being an engaged subscriber and for contributing to the future of PIA!
