[RESOLVED] Browser Extension – Server Outages

2021-03-29 - Devin S - Announcements

We're currently running into server outages in the following locations. We are working towards a solution for these outages, but do not have an ETA for when the solution will be implemented. If you run into trouble connecting to server locations that are not listed below, please reach out to us through our Helpdesk so we can investigate on our side. We apologize for the inconveniences this may cause.
