## December 31, 2019 - Removal of our India Servers

2019-12-31 - Michael B - in [Announcements](#)

Unfortunately, due to our provider leaving the area, we have shut down our VPN gateways in India. We are currently searching for a new provider, but as with any such change, we will need to properly vet any new provider to ensure that their core values align with ours. Once a new provider has been chosen, we will make an announcement here.
